SUMMARY*

I am a passionate Flutter developer with a Master of Computer Applications (MCA) degree. I have hands-on knowledge in building cross-platform mobile applications for both Android and iOS using Flutter. My proficiency in Dart, Firebase, and RESTful APIs equips me with the necessary tools to develop efficient and user-friendly solutions.

I have a strong foundation in problem-solving and attention to detail, which I am eager to apply in a dynamic development team to contribute to innovative projects.
